

WARANGA RAIL TRAIL

WALK • RIDE • EXPLORE

The Waranga Rail Trail has been constructed along the old Rushworth to Murchison East Railway Line, which connected these towns with Melbourne. The railway line opened in 1890 and was built to serve the timber and grain industries and provide a general goods and passenger service to townships in the area.

By the 1980s, demand for supplies to and from Rushworth had declined, and in 1987 the line from Rushworth to Murchison East was closed.

The Waranga Rail Trail is close to 19 kilometers long and includes many unique features and sites of interest.
